To Whom It May Concern

Re: Michael G. Putnam – Greenville, SC
Upcoming ankle surgery

Dear Sir/Madam:

Mr. Putnam suffered a severe ankle fracture in late July of 2018. The delay of surgical intervention has complicated his treatment plan and he is scheduled for the first of two significant surgeries, with the first surgery scheduled for September 3, 2019. His post-surgical recovery will require a minimum of six weeks of complete non-weight-bearing to allow for healing and protection of the surgical site.

Mr. Putnam has informed me that he has at least two court dates in September 2019 that are not of minor duration. Attendance at these hearings would not only be highly uncomfortable for Mr. Putnam, but could also place Mr. Putnam at risk for complications to his surgical wound and hardware failure in his early recovery phase.

Mr. Putnam has indicated that he will ask the court to delay those proceedings, and I respectfully request that the court not schedule any in-person appearances until after at least October 15, 2019

Please contact me if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read 'WHD' or 'W. Hodges Davis'.
